

## Companies Profile

**Companies Name** : Sri Padmabalaji Steels Pvt.Ltd.

**Year of Establishment** : 1995

**Name and designation of The MA/CEO** : Mr.M.Ravichandhiran

**Contact Adress, Phone, Fax, E-mail,Website** : A-Ground Floor, Alamu Manor, Alamu Nagar  
Gandhipuram , Coimbatore- 641006  
Ph: 2520787 , 2520881  
spballoys@yahoo.com  
[www.spbsteels.com](http://www.spbsteels.com)

**Product And Range of Manufacture** : a. Plain carbon steel to ASTM A 216 Gr WCB, WCC, EN 10213- 2,1- 0619-0625  
b. Low Alloys steel to ASTM A 352 LCB, LCC, A487, 4C, 4Q, 60K,LW105-21,GS20Mn 5V, EEMS 11008 Gr II, ASTM A217 Gr WC6, WC9, C5, En 10213-3-1-6220  
c. High Alloys steel to ASTM A 351 CF8, CF8M, CF3M, CF3, N10213-4, 408,1.409  
d. Wear resistant steel HiSi Cr Mo  
e. Abrasion resistant steel  
f. Heat resistance Steel to ASTM A 297,Gr HH,HK  
Weight range: 50kg to 3 00kg a single piece.

**Number of Employees** : Over 250 in all units put together

**International Quality Accreditations if any** : ISO-9000 /2000

**Manufacturing and testing Facilities/companies strong Areas** :a. Medium frequency Induction furnace of 3500/1500kg Capacity with necessary handling and testing facilities.  
b. Pattern shop with marking and mounting facilities to handle match plate size of up to 3500 x 3500.mm.  
c. Sturdy handling facilities up to 10000kg capacity.  
d. Chemical analysis by spectrometer, Metallurgical and Physical laboratory supported with Impact testing at sub zero temperature.  
e. Non-Destructive testing machines for UT and MPI

Radiographic testing facility by IR and Cobalt 60 source.

f. Heat treatment facilities of batch quantity 3000 and 8000kg.

g. Fettling shot blasting facilities to handle 3000kg a single piece.

h. Dimension marking facilities up to 40-inch value size.

1.	Direct reading vacuum emission spectroscope with print out facilities Manufactured by Spectro GmbH, Germany	<b>16 elements</b>
2.	Universal Testing Machine - Blue Star	<b>40 MT</b>
3.	Brinnal hardness tester	
4.	Ultrasonic Testing Equipments	
5.	Impact Testing Machines	--
6.	MPI Equipments	--
7.	Portable Digital hardness tester	--
8.	Chemical Laboratory equipped with Carbon & Sulphur apparatus, muffle furnace and other wet analysis facilities.	--
9.	Digital Pyrometer for measuring the temperature of molten metal - <b>Suyash Make 0 - 1700</b>	<b>Range 0° - 1700° C</b>
10.	Optical Pyrometer <b>Toshniwal make</b> disappearing filament type.	

**List of few important clients:** We cater to AUDCO , BHEL , BMEL , Caterpillar India , TMS , United Motors , Alpha Craft , Shanti Gears, Magtorq. The list is growing
